

NOTICE

Town Hall Meeting Re: Ground Water Contamination in Ogden

Date: Thursday, July 16, 2009
Time: 7:00 p.m.
Place: Ogden House Seniors' Club
2102 – 69 Avenue SE

As lawyers for the residents in a Class Action against Canadian Pacific Railway for polluting the ground water under Ogden, we are hosting a Town Hall Meeting to update residents.

In attendance will be a University Professor trained in Environmental Health Sciences who will speak to the issues of how the TCE vapours escape into the house and what can be done to prevent it.

We also hope to have in attendance a contractor who will discuss the construction costs involved with any repairs to the homes to seal off the vapours.

Please join us for this information session.
